OVERVIEW

Curaleaf is a nationwide agricultural and distribution company. They cultivate good plants and people experiences. Along with 142 local dispensaries, the operation has 26 production facilities. This site is in Hanover MA.

GOAL

Save 15% in water usage consumption with 0% effect on water flow rate and psi.

RESULTS

The senior manager of facilities noted the normalness of operations the following week after installation. This facility maintains constant activity on plant growth and with water use. The operations functioned well and plants have been growing wonderfully. After the quarterly billing, the results are easy to understand!
