OVERVIEW

Northaven Terrace is a Dallas apartment complex with a variety of available floor plans and amenities including; plush landscaped grounds, on-site laundry facility, pool, playground and soccer field.

GOAL

Save 15% in water usage consumption with 0% effect on water flow rate and PSI.

RESULTS

Installation took 4 hours. PSI and water flow were tested to show same experience before and after our project. North Haven estimates saving **5 million gallons in the first year, while its percentage improvement is trending upward by another 4-5%!**
