

**33%
SAVINGS**

OVERVIEW

Wellington Crossing is a 26 acre condominium community, combining a scenic country feel with the amenities of urban living. Near Boston, this active community focuses on fun and good living.

GOAL

Save 15% in water usage consumption with 0% effect on water flow rate and PSI.

RESULTS

Installation occurred with three buildings over three days; Installs averaged 4 hours with normal resumption of water services. Pressure and volume flow rates were tested and validated. Water services have been good and savings have been phenomenal!
